- Feelings of independence and freedom are important even as we reach old age or live with a debilitating illness. Medical alert devices are vital for ensuring safety and protection while aging in place. Our Best Medical Alert Systems of 2022 rating includes in-home systems as well as portable GPS-enabled units. Find out which alert companies make our rating and get tips on how to buy a medical alert system below.

Hello Angela -

Thank you for expressing interest in Medical Guardian regarding our lifesaving medical alert devices.

As you had indicated that you are interested in our medical alert systems, you may click on the following link to view more information at our web site - <https://www.medicalguardian.com/medical-alert-systems/gps-button-fall-detection>

A few of the many benefits of working with Medical Guardian include:

- + Protection in and around the home, as well as wherever you go, throughout the USA
- + Highly water resistant, to be worn while bathing
- + Automated Fall Detection available
- + GPS allows medical responders to find you in case you are not able to communicate your location
- + 24/7 Monitoring centers, with 911 / EMT trained personnel who will respond within seconds of pressing the button
- + Convenient all-inclusive monthly fee, guaranteed to never increase

Medical Guardian specializes in affordable and reliable medical alert services, and has been recommended by Top Ten Reviews, Consumer's Advocate, and Harvard Medical School's Harvard Health Letter.

Monitoring is provided 24/7 by 911/EMT trained personnel in our UL approved monitoring centers located throughout the United States

- Activation / Setup is FREE and easy and can be completed in 5 minutes
- The low monthly rate will never increase no matter how long you are a customer
- There are no long-term contracts

Please give me a call so that I can fully answer any questions you may have, and to discuss how we can best help you.

Thank you. I look forward to speaking with you soon.

About Premier

The Electronic Caregiver™ Premier is not only a smarter and more capable mobile health support system, it's easier to use.

Our customers enjoy 24/7 emergency response, monitored health and medication reminders, and the ability to pinpoint the customer's location using geopositioning technology. We also do a better job of keeping family, caregivers, and health professionals informed of important life safety information through our app.
